

6516205180.txt

I benefit from listening to XM Satellite Radio and its traffic and weather channels. The Satellite radio in which i pay for provides me with a variety and quality that are not available elsewhere. I think it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I wish for you to reject this NAB's petition 04-160 as i am really benefitting from this info.

Thanx much

William R. Cook Jr.
